

March 3, 2020

Dear Parents,

It feels like Spring day today! (maybe a little premature!) Hopefully it is a sign of better weather ahead. As I am sure you are aware, we are monitoring closely the Corona virus situation and are following the health department guidelines that mirror the precautions we take at this time of year for flu anyway. Please monitor your children for flu symptoms and fever and keep them home if they are sick. We still have a sizeable number of absences due to sickness continuing this week. Hopefully we'll be through this season quickly!

We are attaching the link to a survey that is being conducted by our Advisory Council. We are also attaching a flyer and a hard copy is going home with your child. We ask that all parents take a minute to fill this out in one of the formats, as it is very important to have honest feedback to all questions. We do need to have all surveys completed by Friday, March 20th. Thank you.

Dr. Richard Solomon will be holding a presentation on Monday, March 30, 2020 at 6:30 p.m. at Bishop Connolly High School. He will be speaking about neurodiversity, the brain and your child's learning differences. It will be a very informative presentation that we hope you can attend.

Also, a reminder about Fr. Spitzer's presentation on the Existence of God is coming up at Bishop Connolly on March 5th. Please consider attending with your Middle school students for this informative and thought-provoking presentation.
